2013 Barrow Stroke Rehab Symposium

Purpose
The goal of this conference is to provide the healthcare providers with an updated and current comprehensive approach to stroke rehabilitation with active participation.

Objectives
Upon the completion of this symposium, the participants will be expected to:
1. Describe the principles of how efficacy of motor learning affects the motor relearning.
2. Explain basic principles of how and why to use assistive communication technologies and apps with the aphasic or nonverbal patient.
3. Describe the identification and management of central dizziness.
4. Describe and demonstrate the use and benefits of yoga based therapy for the stroke population.

Participants will be able to cite three ways that neuropsychological rehabilitation approaches can facilitate interdisciplinary collaboration in stroke rehabilitation.

Continuing Education
St. Joseph’s Hospital and Medical Center is an approved provider of continuing nursing education by the Arizona Nurses’ Association, an accredited provider by the American Nurses’ Credentialing Centers’ Commission on Accreditation. Continuing Education credits for Physical Therapists are pending.
