Innovative Rehabilitation of Health Care Practices

June 14th, 2013
Sonntag Pavilion at St. Joseph’s Hospital and Medical Center

Program Goal
To educate CCM board certified case managers on new innovative rehabilitation techniques and services offered in today’s rehabilitation setting.

Program Learning Objectives
At the close of this activity, participants will be able to:

- Recognize the relevance of the effects of chemical dependency in the physical medicine rehabilitation process.
- Assist in care management of patients with neurological rehabilitation needs.
- Identify the benefit of technology in treatment processes.

This program has been submitted to the Commission for Case Manager Certification for approval to provide board certified case managers with 6 clock hour(s).
