34th Annual Barrow Nursing Symposium

Discover Neuroscience Nursing:
Technology to Touch

2015
Wednesday-Thursday | October 21-22
Registration and Agenda Inside

Leonard Goldman Auditorium
350 West Thomas Road | Phoenix, Arizona
2015 Barrow Nursing Symposium
Discover Neuroscience Nursing: Technology to Touch

Purpose
The purpose of the BNI Nursing Symposium is to provide an opportunity for neuroscience nurses and allied health professionals to gain new knowledge, network with colleagues, and advance excellence in patient care.

Program Objectives
1. Describe decision-making factors for CT vs MRI.
2. What’s in a diagnosis: symptoms, diagnostic tests, management strategies.
3. Identify anatomical structures of the brain.
5. Explain pharmacokinetics and common drug interactions.

Wine & Cheese Reception
Join us Wednesday afternoon for a Wine & Cheese reception in the Marley Lobby. Attendees will have the opportunity to meet Barrow nursing leaders, network with colleagues, and mingle with experts.

Get in Touch with Technology
During this year’s Symposium, be a part of the latest craze: Selfie Sticks. During each day of the Symposium, Selfie Sticks will be handed out at random for attendees to capture the essence of the Barrow Nursing Symposium. Join in by snapping a picture and posting it to social media using #2015BarrowNursing. At the end of each day, five pictures will be selected by our esteemed Conference Planning Committee that showcase the spirit of nursing. Each selected photo will win a prize.

Keynote Speakers

The Barrow Women’s Board Keynote

Warren & Mary Jane Crist Foundation Keynote

Amy Van Dyken-Rouen
Olympic Gold Medalist
Founder, Amy Van Dyken Foundation

Alan P. Agins, PhD
Pharmacologist
Owner
Pharmacology One on One
Wednesday, October 21, 2015

7:15 am  Registration and Breakfast
7:45 am  Opening Remarks
8:00 am  Pharmacology Review: Anti-Epileptics & Antipsychotics  
Warren & Mary Jane Crist
Foundation Keynote  
Alan Agins, PhD
9:00 am  Neuroimaging: Your Questions Answered  
Roger C. Bird, MD
